Dear Bruce,

RE: Lakes Project – Sanctuary Cove

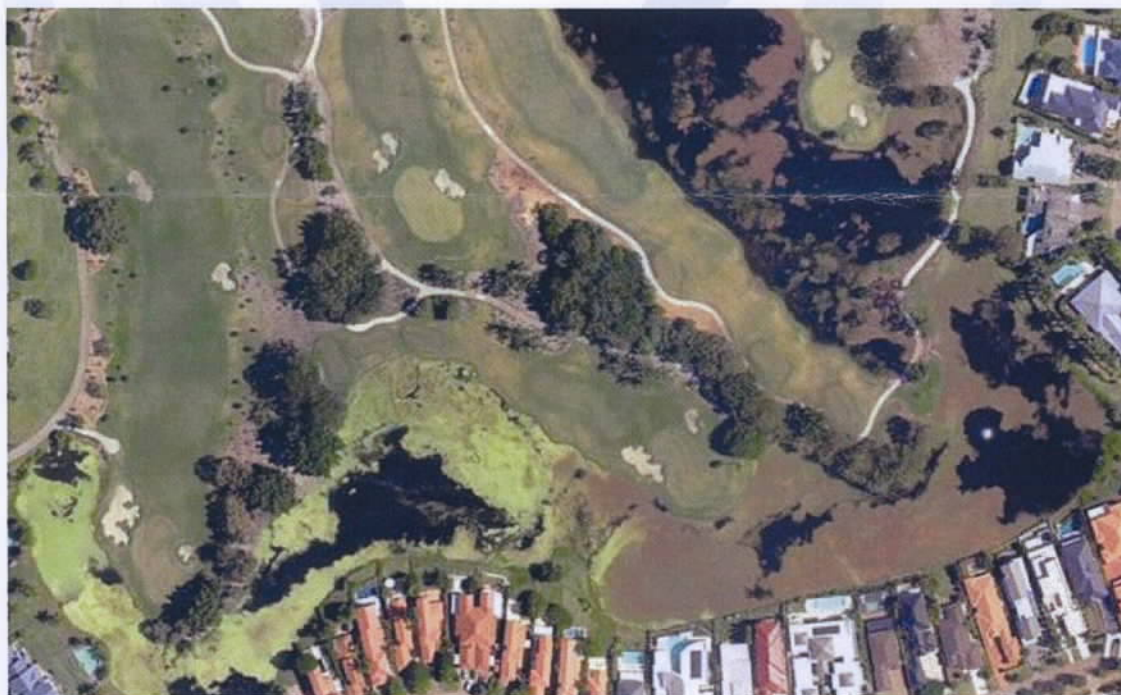

Thank you for fixing our issues with Cassia Lake with your simple yet effective system.

We wanted to write you and let you know of all the positive feedback we have had from Residents and members of the Golf Club on your system in Cassia Lake.

Since the installation of your system, the fish kills have reduced significantly and Residents report the water as clear!

We have included below a picture of the lake in January last year as compared to November 2011 the latest image we have and you can clearly see the improvement, even after receiving much rain.

BEFORE

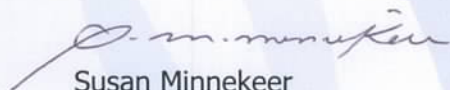

AFTER

As the trial has been such a success we would like to move to installing the system on another of our lakes and we look forward to discussing this with you shortly.

Please don't hesitate to contact me for further information.

Yours faithfully,

Susan Minnekeer

Chief Executive Officer

Sanctuary Cove Community Services Limited

On behalf of Primary Thoroughfare Body Corporate (PTBC) and Principal Body Corporate (PBC)
